cheftex™
.....

Our new high performance poly-cotton outperforms the competition where it counts most:

moisture management - Chef-tex is comprised of nano fibers that are 1/100th the size of a human hair. These fibers act as a shield around the main fiber to help water-based stains bead up and roll off while retaining all of the attributes of moisture management. It also has a drying rate 33% faster than the competition to keep users cool and comfortable.

comfort - The fabrics' smooth and luxurious feel is the result of a patented technology that has been engineered for high performance characteristics by private labs. In addition, the softness is permanent and consistent, even after multiple washings.

stain release - The fabric is able to handle tough oil stains that are normally very difficult to get out. This is due to a patented process directly applied to the fiber, which also prevents spreading and re-disposition in the wash. This is not a topical additive, which typically washes off, instead, this fabric's stain release performs for the life of the garment.

color retention - These fabrics hold their color through the life cycle of the product, even in whites. This enhanced durability results in increased ROI for the end user. In addition, our "Deep Dye" technology resists fading from sunlight, washings and oxidation.

shape retention - Chef-tex™ outperforms the industry with superior "shape retention" in garments. The fabric holds its form better and longer than other fabrics used in comparable products, leading to a crisper garment and longer life cycle. Now, wrinkle resistance is an inherent attribute of the fabric.

Cotton is not just cotton. Just because the tag says cotton, doesn't mean you should assume that all fabrics are equal. In fact, we have reenergized our fabrics with some impressive new features. Improvements that guarantee consistency, enhance quality, extend the life of the garment and save you money.

OUR OTHER QUALITY FABRICS

LUXURY COTTON

Our luxury fine line 5.5 oz. cotton fabric offers exceptional light weight Egyptian cotton feel with unmatched breathability, comfort and softness against the skin. A real show fabric which also has excellent performance in the kitchen.

100% COTTON

Our high quality 6-7oz. cottons are designed for the working chef. Cool and comfortable, these solid cotton twill construction features high durability, breathability and superior softness. A winning combination for any environment.

Our standard poly-cotton blends used in Knife & Steel and Crew Apparel are durable yet economic alternatives for all working conditions. With a range of options from 3.5 – 7oz. they offer high resilience and great performance.

TERMS & CONDITIONS

Terms USA: Net 30 days from date of invoice, subject to credit approval.

Outside USA: Please contact our International Department

General Terms: Past due invoices are subject to a finance charge. Discrepancies on any/all invoices must be identified via phone, fax, e-mail or US mail within the 30 day terms to be honored. Any account past due will be subject to credit hold and re-evaluation.

Minimum Order: \$100.00 at Net Price. Orders under \$100.00 will be subject to a \$20.00 Service Charge. Orders accepted for minimum inner packs only. Orders received in less than minimum inner packs will be increased accordingly. Add-ons will not be allowed to backorders.

Freight: All orders in excess of \$1,000.00 at Net Price will be shipped prepaid to a single location within the continental United States. Freight will be added for orders less than \$1,000.00 We reserve the right to select the freight carriers. Any costs incurred for special delivery requests are the responsibility of the customer and will be invoiced. Products will be shipped from 1600 W. Dartmouth Avenue, Englewood, CO 80110.

Rush Shipments: Orders requiring same-day shipping must be phoned in prior to 12pm Central Standard Time. Additional costs for next-day, second-day or three-day delivery will be the responsibility of the customer and will be invoiced. Same-day shipments or special delivery requests must be received in writing before the order is processed.

Returned Goods: Requests to return goods must be made within ninety (90) days of invoice date. Merchandise may not be returned without an authorization from Chef Revival. Merchandise returned to Chef Revival without written authorization (Returned Good Authorization Form) will be refused. All products must be returned in original packaging, prepaid by sender, and will incur a 15% restocking charge. Product must be in full cases only. Returns are not allowed on custom, embroidered or discontinued items.

Damaged Goods: If any part of any shipment is damaged or missing when it arrives, please accept delivery, but first have the carrier note the damaged or missing product so that the proper claim forms can be filed. Then contact Chef Revival. for further instructions. If concealed loss or damage is discovered, notify your carrier and request an inspection. Then contact Chef Revival.

Warranty: All products carry a one (1) year limited warranty from the date of invoice. Credit will not be issued for product returned beyond the warranty period.

Disclaimer: Chef Revival reserves the right to discontinue or modify products and pricing without notice. Possession of the schedule by any person does not necessarily constitute our offer to sell at prices shown.
